Now, when I go to the grocery store, I wonder what's in the people's food. Does it make a difference what they put in their mouths when the government is taxing them to death? America has had a droughty, stormy summer. I remember "The White Hurricane" storm and the "Hurricane of '62" as well. Do you think God loves America? Do you know where our money is being spent and how it is spent? America is a great nation, yet there are those that want to destroy it. America's economy is like an iceberg. It is covered by the issues of government spending. It is the largest of the issues, yet few want to deal with it. What do we need to do to bring back our once great nation? Stop spending. Where does all the money go? It goes to the criminals and those in control. There is a storm brewing in America. The country is going broke.

What's New In?

A powerful stock charting tool that puts the power of AmiBroker at your fingertips. Company: AmiQuote It is not so easy to select a software that meets your expectations.
